Re: Notification of future events

Dear Parents,

We have some exciting events happening in Level Four next term and wanted to let you know of the costs that are coming up in advance. Notices will be sent out in the weeks leading up to these events with more specific details including when payments are required.

PLEASE **DO NOT** PAY ANY MONEY TO THE OFFICE UNTIL YOU RECEIVE AN INDIVIDUAL EVENT NOTE.

Term Three 2017

Tinkering Incursion

- To tie in with our unit on energy and electricity next term, we will be providing students with the opportunity to participate in a tinkering incursion. Tinkering is a science based incursion, devised to get students thinking about how things around us work. This incursion has an experimentation and exploration focus. Students are able to investigate by tinkering safely with various things; learning by doing! Activities include making a range of electrical circuits, investigating old machines and solar power. Basic principles of electricity and safety will be discussed. All students will take home their own circuit making kit with motor.

When Monday July 17th 2017 (first day of next term)

- ✓ Cost - \$9
- ✓ Payments to be finalised by Friday 30th June (last day of this term)
