Dear Antonio Park Families,

Level 4 Camp– Beechworth

The Level 4 camp last week was a huge success. Beechworth is a beautiful town with enormous Australian history. The Level 4 staff, parent helpers and students stayed at the Old Priory; a magnificent historic building built in the 1800s. The students learnt a great deal about the history of the area through a range of activities which included visiting the Beechworth Honey factory, Beechworth Gaol, Woolshed, Blacksmith demonstration, gold panning, Burke Museum, historic walking tour and cemetery tour.

Congratulations to our wonderful staff, Christine Ewan, Lauren Croxford, Jana Densem, Bonnie Ratten, Cathy Nisbet, Wendy Cook, Robyn Anderson, Ben Clark, Tim Howarth and Annette Hayes for their support and contributions to the success of the camp and in particular Christine Ewan and Lauren Croxford for their co-ordination and organisation of this special experience.

Another big thank you to the following parents for their support and contributions to the camp: Anthony Magner, Jason Davis, Scott Armistead, Jane Beswick, Tiffany Prior and Megan Dodge.

I attended the camp on Monday and Tuesday. I had a wonderful time and was extremely impressed with the quality of the camp and the work of our staff and parents and in particular the knowledge our students had before they went to Beechworth, reflective of the quality classroom teaching program and the exemplary behaviour of our students.

Below is an email received from one of the parents who attended the camp:

"Attending the Level Four Camp as a parent helper was an absolute privilege! I was provided the opportunity of seeing my child interacting with not only his usual social group, but his entire peer group, and to display a level of confidence and maturity that I didn’t know he had. I was also able to develop some great relationships with the other students, many of whom will be joining Austin in secondary school and therefore forming a huge part of his social and emotional development. I also observed a group of amazing individuals who worked tirelessly to ensure each and every student had the best experience possible. Their level of engagement with the students, genuine care and attentiveness, ability to cope with changing circumstances, and willingness to have a laugh at themselves to show the students that they are just a bunch of goofy people after all, was awesome and should be recognised and commended. Thank you for allowing me to be part of it, I thoroughly enjoyed it!"

(Megan Dodge)

Karen Patten

Baby News

A big congratulations to Mitchell Newman (1MN) and Lauren on the safe arrival of their little girl, Poppy Jane.

We are all very excited for you both.
Team Planning
Next week, the teachers will be meeting as a team to plan for term 3. This time allows teachers to organise the learning and teaching in their levels with a consistent approach. Students will attend their specialist classes throughout the week.

Antonio Park Primary School and City of Whitehorse Intergenerational Project
Whitehorse City Council is continuing to support schools to implement intergenerational projects that bring students and seniors together.

Exciting news!! Antonio Park P.S. has again been successful in applying for a Whitehorse City Council grant to support the continuous development of our orchard and vegetable garden.

We currently have one wonderful Grandpa who works with our Environmental Leaders once a week to teach them to maintain a healthy and prolific vegetable garden. We cultivate the soil, plant seedlings, maintain the garden and then eat the vegies!!

Are there any more volunteer senior citizens out there who may like to assist Ralph with this wonderful project? There is a teacher supervising these sessions.

Contact Annette Hayes at school if you are available.

You Can Do It! Parent Resource
We hope by now you have registered and perhaps visited the wonderful E-learning, parenting website; You Can Do It! Parents: www.youcandoitparents.com.au.

All the resources on the website are available for our school community (families and staff).

The website contains a large number of E-learning programs for parents on ‘best’ practices of parents, Parent Insight Articles on topics of importance dealing with child development and parenting, and E-learning video and audio E-learning programs for children and adolescents that help build a variety of personal and social skills and positive attitudes.

To be able to login to the website and register to receive access to all the material available, please complete the steps below:

Six Steps to Register to You Can Do It! Parents and Access All the Resources

www.youcandoitparents.com.au

SUMMARY STEPS
Step 2. Enter Antonio Park PS’s Password: Antoniopark400
Step 3. Complete Your Registration Details (you will be setting up your own u/name and p/word)
Step 4. Activate Your Account
Step 5. Login to YCDI Parents Website
Step 6. Enjoy All the YCDI! Parents Resources

MAC users:
If you’re at home trying to register on a Mac computer – Stop!! You’ll need to phone: The Bernard Group – (03) 9415 8327. They will register for you.

Please contact Leonie Oppawsky or Annette Hayes at school if you have any difficulty registering.

Enjoy your weekend
Tim and Annette
What’s Happening in Level 1?

How lovely to see some sunshine this week! The students have been working hard creating moon sand, hefting different objects to discover what is heavier or lighter, and continuing to create procedural pieces. Next week our spelling focus is the letter R and the blend ay (play stay, relay). We are going to have lots of fun discovering different patterns in mathematics. Why not explore your house with your child and see how many patterns you can find?

During the first half of the term the students have been busy writing narratives. Make sure you check out the different displays around the school. Level 1, ‘The Party’ display is outside the library. It is looking very celebratory and a fabulous way to showcase the preps’ creative writing skills.

Next week is planning week. The students will have all their specialists on Friday.

Have a lovely weekend.
Elizabeth, Stacey, Mitch and Rachel
Level 1 Team

Level 1 Science Incursion

What’s Happening in Level 2?

This week in Level 2, students are continuing to learn and develop their procedural writing skills. Many different procedural topics can be explored outside the classroom, from getting ready for school, following a recipe or tying shoelaces. These are great topics you can talk about at home to encourage students to think about the importance of procedural texts!

As we continue to learn about multiplication we are looking at various strategies including repeated addition and arrays. Arrays can be found in many places outside the classroom… how many can you find?

Students are enjoying science rotations (as are the teachers!) and learning about how we can predict, observe and explain during and after our experiments. Thank you to all parents who have helped supply materials.

Our Scienceworks excursion is soon approaching and we are very much looking forward to a great day! Payments are due tomorrow and we urge any students who have not yet brought back their permission notice and slip to do so as soon as possible.

Have a brilliant week,
The Level 2 Team
**What’s Happening in Level 3?**

**Wild Weather Mini Project**
All Level 3 students have been given a mini inquiry project about wild weather. Students have created their own topic question and begun researching in their classrooms. Students will be allocated class time to work on this project, however some of their work will also need to be completed at home. Ask your child what their topic is about and how they intend on presenting their information.

Students will be allocated time in their next homework sheet to complete their project. There will be an expo to present their final product to parents on Monday 20th June from 2:45pm to 3:30pm in your child’s classroom.

Thanks have a lovely week,
Level 3 Team

---

**What’s Happening in Level 4?**

What a fantastic week at camp last week. We would like to thank all of our Level 4 students for their efforts and brilliant behaviour on camp. We had members from the Beechworth community call the Old Priory and approach us in the streets to share their experiences and interactions with our students while on camp. We were extremely proud to hear the feedback, well done team!

Have a look over the page at the photos of some of the great things we got up to.

---

**ICT News**

*Top cybersafety tip:* Have frequent conversations with your child about what they’re doing online. Speak about less, more often, to make the conversations not so overwhelming.
