Dear Antonio Park Families,

Prep Enrolments

We are currently taking enrolments and it is important that we have accurate information regarding numbers for 2017, so that plans can be put in place well before the end of the year.

If you have a child commencing school next year or know of anyone planning to enrol their child at Antonio Park, it would be a great help to us if enrolment forms were completed as soon as possible.

APPS Fete ...Only two more sleeps!!!!!!

Have you got your Space Odyssey outfit organised? I’m working on mine with some lovely help from very creative staff members. I am very impressed with the tireless work by so many school community members...thank you. The fete committee have done a wonderful job in coordinating, facilitating, helping out and just being there for support. Thank you to our staff and students who are busy organising their stalls. Equally I’m impressed with the families who are pitching in and helping out in some shape or form. It is great to see new faces...keep it up APPS, we are a great team!!

Karen Patten

Congratulations to everyone celebrating a birthday this week.

Camping Program at APPS.
Our Foundation students attend camp! Well, it’s a step towards our camping program anyway with a Big Breakfast that will happen in term 3. We have a successive camping program at APPS that looks like this:

- Level 1 - ‘Big Breakfast’
- Level 2
  - Fun for Ones (games session and BBQ after school)
  - Sleepover at school (Year Twos)
- Level 3 – 2 night camp
- Level 4 – 4 night camp

The year 1s participate in ‘Fun for Ones’ next Tuesday afternoon and the year 2s have their sleepover on Wednesday night. Jenny Semken will be sleeping in the first aid room to have respite from the noise. She is the only one allowed to use the “experienced teacher” card for this event! The other teachers will be in amongst the giggles which go late into the night! It’s going to be a blast!!

Staff Conference
Last Thursday and Friday the staff went to the gorgeous Yarra Valley for our annual conference.

Day one involved revisiting our differentiation journey. The first session focussed on our work from Melbourne University, along with research based messages which further deepened our understanding of classroom practice. There was a workshop session based upon our individual professional learning needs. We then explored the work of Kathy Paterson and how we can use language and literacy projects to address diverse learning needs, backgrounds and cultures at APPS.

Day two focussed on a refresher course on Restorative Practices. Marg Armstrong, a world renowned presenter on Restorative Practice facilitated a fascinating and engaging workshop and gave us some terrific new ideas to use in our classrooms.

It was once again a terrific conference full of wonderful theory based learning and practical workshops.

See you at the fete!!
Tim and Annette

What’s Happening in Level 1?

Well done to the Level Ones on almost completing their first term of school! We are all so proud of how well you are doing!

The students have been working hard on persuasive writing over the last few weeks. We are having fun coming up with great arguments as to what animal makes the best pet and which toy is the greatest. Ask your kids about their arguments and ideas, I’m sure they’d love to share them with you.

This week our letter focus has been B and next week we will do a revision of all the letters we have learnt about this term. In maths we are learning about shapes and next week will focus on length. Don’t forget to use Mathletics regularly. It is also great practice for the kids to log into their account themselves, so try to avoid doing it for them.

We still require a family photo from many families. Can you please provide us with one, to help us with our inquiry unit, Family Ties?. Thanks!

Thank you to everyone who has volunteered their time to help out in the classroom. The kids really enjoy having you in the room and we really appreciate the extra assistance.

The fete is only a few days away! If you can please give up a little of your time on the day and support our wonderful school fete, please go to the website and pop your name down. This amazing community event needs your support! http://www.appsfete.com/ PLEASE HELP!!!!

Have a great week
The Level 1 Team
**ICT in Level 1**

In Level 1 we have been having fun learning how to use a computer. We know how to:

- turn them on and shut them down correctly
- carry them safely
- use a mouse
- navigate around a webpage

The interactive roll is a huge hit, with us touching a picture of our faces to let our teacher know we are here. We have been exploring some great sites during literacy rotations to develop our letter sound understandings. In mathematics we use the Interactive Whiteboard to practice subitising and counting and to create some graphs. We are also beginning to use Mathletics to support our developing number skills. Wow, so much learning in just one term!

**What’s Happening in Level 2?**

We have been having a great time on our excursions to Schwerkolts Cottage learning about how life has changed in Mitcham.

Our Fun for Ones and Grade Two Sleepover are next week so please bring those permission forms back!

Another reminder that the Fete is this Saturday. It would be great to see as many level 2 parent volunteers on the day as possible.

See you there!

The Level 2 Team

**What’s Happening in Level 3?**

With the wink of an eye Term 1 is almost over. There are some great learning events still to come, all in the last week of term!

Of course one of the most exciting is the fete this weekend. We are looking forward to seeing some out of this world costumes! The Level 3 students have put their names down on rosters to help out on their class stalls. These stalls need the students to run them so please make sure that your child comes along at their allotted time. If there are parents who are free to come and help with their child on the class stall that would be most appreciated.

Pyjama Day is this Monday 21st March. Let’s hope it’s not too hot for the One-sie wearers! Level 3 teachers also have their planning day on Monday so the students will have lots of fun dancing, running and creating in their PJs. Don’t forget your gold coin donation which goes towards the Good Friday Appeal.

Tuesday 22nd March we will be at the Croydon swimming pool participating in the Level 3 swimming sports. Thank you to parents who have volunteered and/or returned payment and permission envelopes. This is a new event and the Level 3 teachers have jumped into action to organise a day of traditional and fun filled races. All the students will be able to stand up in the pool, giving everyone a chance to have a go at events from freestyle to noodle races.

On Wednesday 23rd March we will be participating in Harmony Day. This is the conclusion to the Level 3 Cooperative Communities Inquiry Unit. It is a day to celebrate the cultural diversity of the Australian community. Classes will learn through a number of activities organised by the classroom teachers. It would be great if students could wear a touch of orange on the day.

There were lots of students camping, gaming, eating, movie watching and relaxing on the extra long weekend. It sounds like our Level 3 families made the most of the break.

The Level 3 Team
Rachel, Clive, Nat, Louise, Danni and Kylie
What’s Happening in Level 4?

We are enjoying our Family Life Incursions and have one more session next Tuesday. We encourage you to continue discussing and asking your children about the sessions. Last week the students brought home a sheet outlining a few questions to discuss together and it asks parents to sign it and bring it back to school.

This weekend is our School Fete! The Fete Committee are asking for more parents to sign up to the various fete stalls for this coming Saturday. If you can spare a half hour, it would be greatly appreciated on the day.

This term we have been exploring a unit called, ‘The Rhythm of Life’. As part of this unit we have explored five different body systems; circulatory, respiratory, nervous, skeletal and digestive. Students have thoroughly enjoyed exploring and researching information about the body in standalone lessons and within our reading rotations. We will complete this unit next week with a post assessment in the students’ portfolios. We are excited to see evidence of their learning throughout the unit when comparing their pre and post assessment.

A few weeks ago we sent a yellow form home asking for parents and students to sign up for eSmart Digital License. If you haven’t handed the form back, we are looking to start this program next week.

Level 4 Team
Bonnie Ratten, Christine Ewan, Cathy Nisbet, Jana Densem and Lauren Croxford

---

JSC NEWS
On Monday 21st March
We will be having a PYJAMA DAY!
Students can come dressed in their favourite pyjamas.
Please bring a Gold Coin Donation!
All proceeds will go to the Good Friday Appeal.
Thanks 😊
Well done to the 90 students who entered the photographic competition this year – with over 240 photos the judge had an extremely difficult time choosing the best.

CONGRATULATIONS to the following students who were rewarded for their great shots. Their photographs will be on display in the school foyer after the holidays.

I have another call out to our talented school community – do we have any arty parents or friends of the family who would like to assist with the setting up and painting of an environmental themed mural on the end of the Multi Purpose Centre?

Call in, drop us a note or email if you can be of assistance.

Many thanks in advance for your help.

Janet
Visual Arts teacher
Sustainable Schools News

Where has the term gone?
The Sustainable Schools Committee have been discussing projects for the year and wanted to see if we had any school community members who might be able to help.

Most people would know we raised money with the School Walkathon to extend the goat fencing – do we have any fencers or do you know reliable rural fencers who could give us a quote?

The other project involves dismantling and creating new garden boxes along the path in the bush playground. Do we have contacts for timber sleepers and/or willing handy people who could help with construction of these?

Please drop us a note or email and we will be in touch – many thanks in anticipation of your support.

Janet and the Sustainable Schools team

DO YOU WANT AN EXCITING SCHOOL HOLIDAY ACTIVITY?
WHAT ABOUT A NOCTURNAL WILDLIFE PROWL IN YARRAN DHERAN NATURE RESERVE ON WEDNESDAY, 6TH APRIL FROM 6.30-9.00PM?
This park is just out the back of our school (Ashburton Drive) and the free activity is being led by well-known local possum and wildlife expert Ray Gibson.
More information is available on the COMMUNITY NOTICE BOARD outside the Office.

Second Hand Uniform Shop

Shop dates for Term 1 & 2, 2016:

11th April
2nd May
6th June

The second hand uniform shop is held in the hall foyer. Please bring small notes and gold coins if possible.
Thunderbirds are GO! Last newsletter before the fete, so please read carefully so we are all ready for lift-off!

Ah, but Houston we have a problem...

So here’s the thing, at this stage we still need to fill volunteer spots... and lots of them... the fete cannot run on fun alone... it needs volunteers – that’s all of us, the APPS community – so please sign up now so final preparations can be made:

http://apps.roster4u.com

Remember to check the stalls that have been assigned to your class to fill first (help your parent liaisons out here) and also remember to return the forms for a time slot where your children can help with the student-run class stall (this is different to the class assigned stalls needing parent volunteers).

AND – please remember that there is a huge effort involved in setting up and then packing up the fete as well – you can sign up for these slots on the roster too.

Martian Spew

The Martian Spew competition is neck and neck between Ben Clarke, Ben Curcio and Bonnie Ratten – so keep donating this week (however much or little you like) to make sure your pick is the one that gets slimed/spewed on with green martian mess on fete day... and if you REALLY want to have fun with this, bid on the silent auction item to be the lucky person who actually pours the Martian Spew on the “winner”!!

spACE raffle

Raffle tickets must now be returned – sold and unsold! At just $2 per ticket, you are in for a treat and could win...

$1,500 Good Guys Voucher
Apple iPhone 6s
An Eleven HSV Red 7 drawer tool trolley (kindly donated by Total Tools)
Sandton Hair Gallery Gift Voucher to the value of $250 (kindly donated by Sandton Hair Gallery)

SPACE StAGE Auction

Get ready for the SPACE STAGE Auction (okay, it’s just the standard variety Stage Auction – but it will be out of this world!) Check out the auction items and be there at 4.45 pm or miss out!
Wristbands

Wristbands will come home this week, so watch out for them. If you need more – you can purchase on fete day at the ticket booth!

Cakes and jams

A message from the inner (not outer) space cake kitchen...

We are certainly looking forward to lots of home baked goodies for the cake stall this year. Please come and visit us early to make sure you don’t miss out on your favourite cakes & jams.

We will be busy setting up in the hall Friday after school so please bring your donations to the hall. If it suits you better to drop off your cake etc. during the day please leave it in the library.

Fruit cakes, large cakes, fudge and slices always sell out fast. Individually wrapped items such as large cookies or cupcakes also sell well. Please no fresh cream or fillings that require refrigeration. If cake decorating is not your thing, a simple dusting of icing sugar looks great.

We also plan on having an area for gluten free or other food intolerances, and would appreciate any donations for this table.

Please feel free to wrap and present your cakes, cookies, slices and jams any way you like, or pick up a plate from the school foyer. The ingredients list is also available on the fete website if you need further copies.

We look forward to lots of yummy donations. The cake and jam stall relies totally on the contributions of the APPS community, and we thank you for your continued support.

If you have any ideas or questions please call Lisa on 0408 338 146 or Jeannine on 0414310548.

Get Arty...

supplied needed

The Get Arty stall still need lots of arty items delivered to the school office for the Get Arty stall to work to its best potential – these include:

- Quality Craft Supplies
- Craft PomPoms
- Magnets
- Clean Chopsticks

Please deliver as early as possible this week!

Space Jam!

We would love to have some homemade jam donated to our stall to give our customers a real home style Devonshire Tea experience. If you are a jam maker, we would love to use your jam on our scones and dollop on some cream. Please let Tanya (0402560041) know if you can donate some jam (any flavour but not marmalade please). Many thanks!

Craft

The Craft stall would love your donations of handmade items that can be sold at the craft stall – this can be a great way for extended family members to help the school community too if they have a knack with making beautiful things!

Costumes are...

Go!

Well, hopefully anyway – there’s still just enough time to work out what you are wearing this weekend – temperature looks to be mild, so Darth Vaders will not overheat! Costumes are in no way mandatory – but they do create an element of fun for all!

Fete Passport

Find your way around the fete with the fabulous fete passport that will come home this week for Level 1 and 2! It will include a map and you can get stamps along the way!
Antonio Park Primary
Mother’s Day Movie Night

Special Fundraiser event

GRAB YOUR FRIENDS & JOIN US FOR A SPECIAL NIGHT CELEBRATING MOTHER’S DAY AT THE MOVIES.

“Mother’s Day” Movie

“Mother’s Day” is the latest star studded ensemble comedy from director Garry Marshall (“Pretty Woman,” “Valentine’s Day”). Bringing together Jennifer Aniston, Kate Hudson and Julia Roberts along with Jason Sudeikis, it’s a celebration of mothers everywhere. This big-hearted comedy invites us all to enjoy the laughter, tears and love as three generations come together in the week leading up to Mother’s Day.

When: Wednesday May 11, 2016

Time: Movie starts at 6:30 – Please come a bit earlier for distribution of tickets

Where: HOYTS Cinemas Eastland with reclining seats for extra comfort

Price: $20 per ticket – drinks and food available for purchase at the cinema

RSVP: Please return your payment and reply slip to the front office before April 29

Seats are limited so be quick!!!

Any questions call: Vicky 0431630548 or Rachelle 0402368071

Aussie of the Week

1EA Gracie For her detailed descriptions of different dinosaurs during ‘D’ week.

1MN Mia For giving excellent arguments as to why her Barbie Princess Doll is the best toy ever.

1RF Max M For using some excellent strategies to help you when publishing your persuasive writing. Awesome work!

1SG Mathilde For being an independent writer. It’s great how you always have a go at sounding out the words. Well done!

2AF Bibi B For writing a brilliant recount about your day on the river. Your spelling attempts and description were excel-

2BW Madeline For working well in all literacy sessions and striving to produce her best work. Excellent work Maddie!

2CC Lochie For displaying beautiful manners and behavior during our ‘Grandparents Day’ and during all class activities. You are a super star Loch!

2JS Peter For a great effort and improved achievement, extending three digit numbers.

2KD Carol For setting yourself high standards and achieving them. Your work is always detailed and shows excellent presentation. You are a wonderful role model!

2TR Cooper F Your persistence when reading large numbers during place value. You demonstrated a willingness to learn and a never give up attitude! Keep up the great work!

3CH Charlie T. For persevering with his addition activities and working well on the week’s Reading activities. Well done Charlie!

3DH Freja For demonstrating an enthusiastic approach to all learning tasks. Your hard work is really paying off Freja. Great job!

3KS Isabella F For working independently in maths and solving all of her “three for free” problems. A fantastic effort Bella!

3LW Ava For publishing a very creative recount! Your published copy is a reflection of the hard work and determination you have displayed throughout all writing sessions. Great work Ava!

3NA Lachie For demonstrating outstanding addition skills and persevering with more challenging concepts with positive and negative numbers. Excellent effort Lach!

3RM Mark For a fantastic start to homework this year. You organised your time well and completed all the tasks effectively. Well done!

4BR Cassidy For a fantastic attitude towards learning. Your eagerness in literacy groups is infectious! It is great to see you excited about our nerves and other body systems

4CE Daniella For your thoughts and ideas during our literature discussions. You listened to your team and built on their ideas. You identified the different language features used and were able to use evidence from the text.

4CN Kiera For being an active participant in our literature discussions. It is great to see you making connections with your novel and sharing your thoughts about the characters with your group.

4JD Kane For demonstrating work habits and displaying independence during learning tasks. Your happy and positive attitude brightens our classroom. Keep up the great work buddy!

4LC Ben G For your enthusiasm during our maths unit on subtraction. You confidently grasped subtraction with trading and worked hard to complete your Dream Holiday project.

Other Laura D For demonstrating wonderful commitment to her Peace Maker training. Your experience shone during your role play and you make a terrific Peace Maker. Well done!
Want to learn to flip, somersault, fly and dive?

Then, tumbling and acrobatics is the class for you.

- Handstands
- Cartwheels
- Walkovers
- Round Off
- Aerials
- Handsprings
- And much much more...

Our highly qualified coach provides a fun, safe and exciting environment.

Offering classes for all ages from 5yrs to adults.

Whether you're an enthusiast, doing it just for fun, fitness or wanting a career as a professional acrobat.

Contact us today for a free trial class.

WORKSHOP CLASSES

SEAL
The seal's body is uniquely adapted for survival in cold ocean waters, with a streamlined body, a thick layer of blubber to insulate itself from the cold and fin-like feet. Students will create a model that moves along the table propelling itself forward with its flippers.

CHAMELEON
What has big “googly” eyes, a tail that can curl around a tree limb, skin that changes colour and a long sticky tongue? If you guessed Chameleon, then you’re right! Students will learn about this amazing animal’s special abilities while building a model complete with working tongue.

KANGAROO
Students will identify where kangaroos are found, define marsupial, and list unique features of the kangaroo. The model includes moving legs driven along by gears.

CROCODILE
Do you know the difference between a crocodile and an alligator? After this class the students will as well as building a fantastic model that might just try to snap your fingers off if you get too close!

VENUS FLY TRAP
A fascinating plant capable of trapping and digesting bugs. Find out how the plant knows when to snap shut with a working model complete with its own release mechanism.

CATERPILLAR
The caterpillar is a little eating machine capable of increasing its body mass by 1000 times during its short life. Students love the inchworm style mechanism as the caterpillar moves across the floor in search of its next meal.

BUTTERFLY
Remember the cute little caterpillar from last week? After sleeping all week he’s now metamorphosed into a beautiful butterfly with flapping wings ready to flutter around the classroom.

HORSE AND CART
Humans and Animals have a long history of working together and in this lesson students study the way humans utilise the help of animals to make life easier. This model has two parts with a powerful Clydesdale pulling a cart across the classroom.

DINOSAUR
The most famous and terrifying dinosaur of all time, the T-REX!!! A favourite model of many students with sharp teeth and using LEGO WeDo® roaring sound effects. This model is one of the most complex builds and certainly only for the bravest of students.

GET INTO GEAR with EV3® ROBOTICS

Experience the cutting edge of technology with the introduction of LEGO® MINDSTORMS EV3 Robotics. Students will be captivated as they incorporate the newest generation of motors, sensors and software by programming their commands directly into the intelligent brick. Test their capabilities by moving an object with a robotic claw, building a robot that draws, or creating a mousetrap. Our endless list of builds is sure to provide the complete fundamental components of robotics at its best!

ANTONIO PARK PRIMARY SCHOOL

Ages: Years 5 & 6 students
Date: Term 2 - starting 14th April
Time: Thursday afternoons 3:45pm - 5:15pm
Cost: $200 per student ($20 per week)

The theme for Term 2 After School classes is Contraptions.

Students build a variety of models from Electric Guitars to Battle Top Arenas and Sumo Robots. Each 90 minute lesson challenges students to build, program and then improve their models and programs to take their models to the next level.

Dance Fitness – Vermont Studio 2016

Introducing the 2016 Dance Fitness Program!! We are conducting exciting and fun jazz, tap, ballet, funk, cheerleading and contemporary classes at our studio in Nurlendi Rd, Vermont. This year we are also introducing acrobatics and a musical theatre class!

Students can experience everything dance has to offer in a fun and friendly environment.

There is also a new adult class! For those who would like to do a core strengthening and cardio workout class with Ella on Tuesdays 7:45-8:45pm - come along and try it out!

The timetable is available to view online at www.dancefitnessvictoria.com.au

ENROLMENTS ARE OPEN! You can enrol online via the website to secure your place.

FREE TRIAL CLASSES are also available! Come down and check us out!

Please contact Ash on 0403 135 850 or email ashley@dancefitnessvictoria.com.au if you have any questions or you would like to organise a trial.

We look forward to dancing with you all! Please come and join us!
