Dear Antonio Park Families,

SOLAR PANELS

Exciting news!!!

For some years our Solar Panels, which were installed in 2008, have not been working. This has been somewhat disappointing as APPS has a strong history in sustainable practices, of which the solar panels have been a very important part.

Through continued conversations with the Department of Education and Training (DE&T) we have just received notification that the department will be replacing the current solar panels with a new system, equaling the capacity of the initial system. APPS school welcomes and very much appreciates the DE&T’s support. The new solar panels will be installed within the next couple of months; most likely during the September school holidays.

NEW CRICKET NETS & GOAT FENCE EXTENSION

Works will commence over the next week or so with the building of our new cricket nets and the extension of our goat fence.

The money for this was raised at the end of last year through our walkathon; a sum of $12,000. Sections of the school yard will be cordoned off so students will know not to enter the area where the building is occurring.

**Staff Car Park**
We continue to have community members using the staff car park mainly for parking to take/collect their child from Before/After care. On Tuesday morning we had a number of parents dropping their children in the car park because their child had Hoop Time training. This is **extremely dangerous** and also contrary to the signs in the area, and also not a reason to be using the area. The Staff Car Park is only for staff to use between the hours of 7.30am and 5pm. For the safety of our children, please refrain from using the area during these hours.

**Bring Your Own Device (BYOD) sessions**
Thank you to all those families who have already sent their RSVP to the information sessions next Monday 22nd August at 2.45pm or 6pm. These sessions are for our parents who will have children in years 3-6 (Levels 3 and 4) in 2017 and will be held in our school library. Please try to make it along to one of these sessions if you are able to; we anticipate them running for 30-45 minutes. See the invitation in this newsletter for more information. We will have a guest speaker at these sessions as well.

Have a great weekend!
Tim and Annette

**What’s Happening in Level 1?**

We are busy! We had a good look at healthy and not so healthy foods when we went to Coles on Wednesday and of course bought the food for our Big Breakfast the next day. It was great coming together as a whole level to start the day with breakfast today. Thank you so much to the parent helpers on these two days.

We keep on practising our production dances and they are starting to look good! Don’t forget that costumes needed to be at school by now, so please see your child’s teacher if you need another note.

Next week our spelling focus will be on the letter Qq and ‘ew’. In maths we will continue to collect data and make graphs.

Thanks,
Level 1 Team

**Parents...**

Are you getting production emails from your parent liaison?

If the answer is no, please contact your class teacher immediately as you are missing out on important information.
**What's Happening in Level 2?**

This week we are wrapping up our math unit on time. Students have done a fabulous job learning all about different times of the day. It would be a great idea for students to keep practising reading analogue and digital times whenever possible at home! We will now be beginning our units on data representation and chance over the coming weeks. Keep an eye out for tallies and surveys in the newspaper and when watching TV!

A reminder that 2TR, 2CC, 2JS and 2AF begin swimming on Monday. Students need to wear their swimmers underneath their school clothes each day for the two weeks. Please have your child bring a separate bag with their change of clothes, towel and goggles, named and ready for the day. We ask that students do not wear rash vests, this is request from the swimming teachers at Nunawading. Thank you! Parents who are helping with swimming are reminded to check they have a valid Working With Children Check. A timetable will be sent home this week, please see your child’s teacher if you wish to assist. The lesson runs each day from 12.10 – 1.00 p.m. Any extra assistance to get the students changed and ready to go back to school is greatly appreciated.

If your child’s class liaison has sent home details about production costumes please send those items required to school as soon as possible as our dress rehearsal is happening in just a few short weeks!

Our new writing genre for the rest of the term is poetry writing. Students will be learning about and writing many different types of poems. If you have any family favourites or poetry books at home please send them in to share with your child’s grade.

A notice will be coming out early next week for our unit incursion ‘Coach Approach’, stay tuned for details!

Have a great week,

The Level 2 team.

**What's Happening in Level 3?**

**House Athletics:**
Our rescheduled House Athletics are to be held on Tuesday 23 August which is next week. If you have not paid for this event or returned your permission envelope please do so prior to Tuesday. Remember to wear your House colours! Fingers crossed for a nice day.

**Swimming:**
We are in our last week of a very successful swimming program at Nunawading pool. Everything has run smoothly and the children have all enjoyed the various activities they have participated in. Well done to everyone!

**Hooptime:**
The Level 3 students participating in Hooptime have been enthusiastically training before school for this upcoming event. The Hooptime competition will be held on Wednesday 7th September. A very big thank you to Mrs Fittolani for organising this event for the Level 3 and 4 children.

**Premiers Reading Challenge:**
Just a reminder to keep reading and remember to log the books you have read on-line. Congratulations to the students who are participating and have achieved the set target.

**Poetry:**
Our new writing genre is Poetry and the students will be looking at and creating various forms of poetry.

**Production:**
Our school production is fast approaching and we would now like the costumes sent along to school in a named plastic bag. Thank you for your assistance in organising this for us.

Thank you!

Level 3 Team

**What’s Happening in Level 4?**

Level 4 students have been working hard the last 5 weeks on their information reports. Students analyzed the structure and content that is included in an information report and have done extensive work around sentence structure. We are proud to have written information reports on a topic of our choice and enjoyed the variety that have been produced. Please make sure you take the time to come and look at our pieces. They are on display in our classrooms and on the writing display wall outside our Level 4 corridor.

For the remainder of term, we are looking at poetry. It would be lovely if you continue the conversations at home about what we have learnt and what we are working on. It is always a fun few weeks and some incredible pieces are produced.

Production is well underway and we are madly rehearsing our dances and learning our lines. Grade 6 students are now working on remembering their lines without using their script and would love some help at home to do this. Please make sure if your class needs a costume that it has been brought to school in a named plastic bag.

Athletics is on!!! We are all looking forward to our house athletics day on Tuesday next week. The students have been training hard and are keen to show off their skills. We would love to see our parents and families supporting us on the day. Please feel free to come to Mount Evelyn Athletics field to support us.

Thanks,

Level four team.
A Snapshot of ICT in Level 2

ICT in Numeracy
Here are some fun websites we have been using in Level 2 to help us learn all about telling the time! Have a go at home and see how you go!

Stop the Clock

Bang on time.

PowerPoint
This term in Level 2 we are learning new skills in PowerPoint. Have a go at home at creating some slides about an Olympic sport, or create an information report about yourself. Some skills to practise include;

- adding new slides
- adding a background
- adding pictures or clipart
- creating animations
- adding transitions to your slideshow

ICT in Literacy
This week we have been practising our super Synthesis skills! Have a listen to ‘Supertato’ online and share how your thinking has changed!

- Photos in which you can be recognised.

How to be a Good Bystander

Help the victim by asking if they are ok or are struggling with the issue. Suggest constructive ideas to help them out e.g. S.R.B.T (Screenshot, Report, Block, and Tell). If they need, comfort and support them. Make sure that you only tell someone trusted about the issue if they want you to for example a teacher, parent or cyber warrior. If you see it happening you should say to the bully that it is not right and that they should stop straight away.

Thanks,
Cyber Warriors!
Parking at the front of the school is always a problem as parking spaces are limited. Parents are reminded to please observe the parking signs and to please ensure that they do not park in the ‘Drop off zone’ between 8am-9.15am. Please take note that the ‘Drop off zone’ is strictly for quick drop offs and pick ups. Please ensure that you keep the traffic moving in this area.

Thank you.

Come along and hear about our exciting Bring Your Own Device (BYOD) program launching in 2017!
We had an amazing time in Queensland last week. Six outstanding APPS aerobics teams competed in the National Championships and performed amazingly in front of a large audience. It was such a memorable experience for all of the teams and their families. The buzz of excitement was heard as the girls entered the theatre, dressed in their sensational uniforms. We all looked so smart and the girls were extremely proud to wear their jackets and carry their personalised bags.

Courtney and myself were so proud of every girl and had tears of joy as they performed on stage. So much hard work and commitment goes into training and we certainly saw the rewards in their performances and faces. A true credit to the girls’ commitment and dedication. In such a difficult competition, we were ecstatic to come home with The Sparks — 6th place, The Go Getters — 3rd place, Mini MJ’s—8th place, Zappers—4th place, Emerald Warriors—1st place and Explosion—3rd place.

We would like to say a special thankyou to Mrs Patten, Mr Howarth and Ms Hayes for coming and supporting our teams. Another special thankyou to our sensational families for their continued support and many laughs over the weekend.

Last but not least, thankyou to the national girls for always working hard, improving your skills, supporting each other and making us proud.

Thanks Mrs Arundel and Courtney
This week we are enjoying the sunshine, we have been playing soccer and football on the oval, practising basketball and having fun on the playground. Indoors we have been getting messy with painting and also in the kitchen baking cakes. This term we will also be doing some fundraising for the Camp Australia Foundation (CAF). This term will see us raising money for The Smith Family, so please keep an eye out for that as we will have more information to come.

MID-TERM UPDATE

So we have reached the halfway point in our production preparations. In the coming weeks tickets will go on sale and the excitement is really beginning to build!

Rehearsals – Grades have been rehearsing 1-2 times a week for their production item. Most dances are now complete and the staff will spend the next month ‘polishing’ so that the children shine bright on the night! The main cast have been attending lunchtime rehearsals. The students have been diligently learning their lines. Over the past two-weeks, they have gone without their scripts. This has been a success with minimal prompting required. Over the coming weeks the students will begin rehearsing with their props.

Finale – the finale ‘Piratical Style’ was learnt at the end of Term 2. Each week during Performing Arts the students have been rehearsing. This week each grade has learnt how to walk across the stage and take their bow, a very important part of the performing experience.

Behind the scenes – our Production Committee meets weekly to make sure all the extra jobs are being attended to. This year our staff committee comprises of the following amazing staff members: Annette Hayes, Tim Howarth, Courtney Camm, Jana Densem, Christine Ewan, Janet George, Mitch Newman, Kylie Sandow and Hayley Grindley.

HAVING THE TALK
STARTING CONVERSATIONS ABOUT ADOLESCENT RELATIONSHIPS AND SEXUAL HEALTH

Young people often want to talk with their parents about sexuality and relationships. Many parents are unsure of where to start or may feel uncomfortable about having these conversations, but avoiding the subject is not helpful for young people as they can often receive the wrong information elsewhere.

In this forum Athi Kokonis from Family Planning Victoria (FPV) will provide guidance on practical and respectful ways parents can interact with adolescents about sexuality and relationships. This forum will provide assistance on how to begin the conversation, maintain the connection through adolescence and how to deal with difficult questions and sensitive issues.

Athi has been working in schools as both teacher and community educator for over 25 years. She has been with Family Planning Victoria for 13 years and works with students from primary, secondary and special school settings.
