Dear Antonio Park Families,

CAMP
Karen, Tim and I are feeling very lucky this week as we all got to go to camp with the Level 4 students! Karen was up at Beechworth Monday and Tuesday, Tim is attending all week whilst I headed up yesterday to spend three days with the students.

It’s been terrific so far but I am looking forward to snuggling up in my super warm sleeping bag tonight, it’s pretty chilly!

YOU CAN DO IT online parenting program
We hope parents have been busy registering for the You Can Do It parent online resource. If you haven’t done so already, register so you can access all the terrific tips and parenting ideas. You received an information pack last week to explain the registration process. Please contact Annette Hayes (after camp!) if you need more information.

MONDAY ASSEMBLY
A huge thankyou goes out to the four Level 3 students who filled in for the School Captains and lead assembly on Monday. Thanks to Ben G, Keira P, Ally G and Jack A for their impressive leadership skills.

Aussie of the week
Congratulations to everyone celebrating a birthday this week.

Our L3 Assembly Leaders

Our School Values
ERRIC
Empathy  Responsibility  Resilience  Independence  Confidence
What's Happening in Level 1?

A huge thank you to everyone for supplying the ingredients for our healthy sandwich procedural writing this week! The kids had so much fun and they all ate their salad! We will be writing procedural texts for the remainder of the term so get ready to hear lots of instructions!

This week in the classroom, the spelling focus has been on the letter L and the extension blend is all (ball, fall, stall). Next week the spelling focus is Ee and op (cop, mop, stop).

In Maths this week we have been comparing and ordering quantities as well as using language like first, second and third. Try using these words at home! Next week we will begin looking at length, weight and volume.

The kids had a great time at our science incursion this week! It was fascinating to see different materials change shape and temperature. A big thank you to the wonderful scientists from Monash University for a great day!

Have a wonderful week,
The Level 1 Team

What's Happening in Level 2?

Thank you to everyone who visited the Level 2 rooms during Education Week…it was great to see you all.

Presently, the students in Level 2 are beginning procedural writing. Our narratives will be on display in the main building; come along and read our imaginative stories, you will be impressed.

Currently, we are learning all about multiplication and participating in weekly rotations where students visit another level two classroom to learn all about science.

Activities you could do at home this week may include:
Have a look around at home to see if you can identify some arrays?

Look up ‘Bill Nye the Science Guy’ on YouTube. Try out a new recipe with the family… a procedural text that everyone can enjoy!

Level 2 would also like to thank the Education Week team for all their work and organisation. Education Week was certainly a success and we appreciate your efforts.

Have a fabulous week…
The Level 2 Team

What’s Happening in Level 3?

Assembly.
The Level 3 team would like to congratulate all the students who assisted in running the assembly on Monday. You all managed your roles exceptionally well and we are all very proud of you. Great job and well done to all of you!

Story tellers.
Congratulations to the students who read their very interesting narratives to the assembly. It was a great idea to dress up to enhance the story being read. Fantastic work!

Duties for this week.
Due to the Level 4 students being on camp this week, the Level 3 students are assisting with the following duties around the school.
1. Corridor Duty – 3RM
2. VISY bins – 3KS
3. Rubbish bins – 3CH
4. Photos at assembly – 3DH
5. Assembly folder – 3LW
6. Specialist leaders duty - 2 students from 3NA
7. 4 students to lead assembly

Our students were very happy to step up and assist with these jobs during the week. Great attitude shown and thank you for your assistance.

Literature books and Reader’s Notebook.
Please remember to have your reading book and reader’s notebook at school every day. These should live in the student’s Communication Folder which should also be coming to school every day.

Swimming.
Please check that you have returned the expression of interest sheet for swimming this year. If you require a sheet please see your teacher and return it by Friday. Mr Mac is endeavouring to work out the final arrangements for this program and requires our numbers attending. Thank you to those parents who have already returned this form.

Thank you!
The Level 3 Team
What is inappropriate content?
The internet offers the chance to explore a virtually limitless world without the constraints of the ‘real’ world. Content on the internet is not broken into age or developmentally appropriate areas. Without supervision and guidance, a young child can either unintentionally or purposely find content that is disturbing, explicit or inappropriate.

Just as you would ensure that the books you read to your child are age appropriate and the TV shows they watch are suitably rated, you should monitor what your child is doing, and where they are going, online.

You would not feel safe allowing your child to wander aimlessly through a large city, alone and in the middle of the night. The internet is like a large city, full of good and bad and a place that a child needs to be supervised.

The issues of curiosity and exploration are the same for every generation, but the internet means there is far more information which is far more easily accessible. Parents may once have looked up a ‘rude’ word in a dictionary—children today will Google the word instead. Rather than looking up pictures of nude bodies in a biology textbook at the library, today kids can get videos rolling online very quickly.

What can I do to protect my child online?
The most important thing you can do is engage in open and honest communication. Use the internet together and make it part of your family’s activities. You do many other activities with your child: walking the dog, going to the movies, and playing in the park—so spend some time online as well. The more you explore together, the more you will learn about their online behaviours and interests.

More options include:

**Have a home-based ‘Acceptable Use Agreement’**.
You have rules in the real world about what your expectations are, you can have similar rules and consequences for the internet.

**Use an internet filter**.
These can be downloaded for free, or purchased from an IT retailer. Remember that sometimes filters fail, and they can be bypassed—for example, by using the neighbour’s unsecured Wi-Fi.

**Use parental controls**.
You may not be aware that most computers, net browsers, tablets, smartphones and gaming consoles have some level of parental control—for example, the ability to block access to certain categories of websites. These are not the default settings, so you must activate them yourself.

**Talk with your child**
Ensure that you regularly talk with your children about their online experiences. Ask them what they have seen or done, and if they have had any problems. If you hear about a site which concerns you, have a look for yourself.

Make sure that you continually reinforce to your children that nothing is so bad that they can’t talk to you about it. Let them know that they should come and tell you when they have any problems online, see something that they know is wrong, or anything that upsets them.

Children often fear telling a parent about an online issue as they think this will result in blocking their access to the computer and internet. Don’t threaten to disconnect your child—this will only cause them to keep online problems hidden from you.

DISTRICT CROSS COUNTRY

Congratulations to all the 10 year boys and girls who represented the school so very well on Tuesday at Park Orchards. Three students, Hudson G, Keira P and Hayley M have qualified for the Division Cross Country to be held at the Yarra Glen Racecourse on Tuesday 7th June.

Results:
GIRLS 10 YR: Keira P 6th; Hayley M 8th; Lauren F 13th; Samantha B 25th; Zoe M 29th; Allie G 40th; Bella G 44th; Ella G 48th; Scarlett Y 56th and Keira D 61st.
In the girls event our school finished 3rd overall. Great effort girls.
BOYS 10 YR: Hudson G 2nd; Jack E 21st; Lachlan G 22nd; Max I 23rd; Jackson C 24th; Luca O 27th; Ryan M 29th; Leo G 35th; Kaedin L 37th; Evan M 42nd; Sebastian P 44th; Ashton S 52nd and Gruff E 83rd. In the boys event they scored enough points to finish 2nd overall. Well done boys.

With such an excellent performance we must also acknowledge the Running Club and Ben, Mr Clark and Michael for the coaching and practise they provide each week for our runners.

Thank you also to the parents for their ongoing support.

Darren McMenaman

Matheltics
This week we have been enjoying the outdoors while we can. The children have been playing cricket and also football. Indoors we have been sewing, which is also a crowd favourite, with children making teddies, pillows and purses. We’ve also made lots of Origami and paper planes, with a few children trying more difficult folds. In the kitchen this week a few new children have been cooking, with great results. It has been great to see them trying something new.

Holiday Club.
Holiday club is fast approaching. This holiday’s theme is “The Amazing Games” With lots of activities based on the upcoming Olympics, it’s sure to have something for everyone. Please follow the link to the program.
https://www.campaustralia.com.au/HolidayClubs/Program/AntonioParkPrimarySchool/15639

Mobile Phones/Devices.
In OSHC children are not allowed to use a mobile device. We understand older children might have phones as they walk home some days or for other reasons. If your child does have a personal electronic device with them at OSHC, please advise them that they need to let the co-ordinator know and where possible, it needs to be held in the office. This allows not only the device to be safe but also allows no unauthorised access of someone else’s property.

Just a reminder, if you are creating or cancelling a booking to please call customer service or go online to the parent portal. If it is last minute you are also able to call/text the service phone on 0412 545 042.
If you have any inquiries or questions please call us on 0412 545 042, alternatively you can call customer service on 1300 105 343, or email oshc@campaustralia.com.au
Our website is www.campaustralia.com.au

Sick Bay Clothing

Recently we have had to hand out lots of uniform items due to the wet weather and all the puddles!

If your child has been changed into items from the sick bay, we ask that you please wash and return them to the office as soon as possible.

Thank you

Take control of your frizzy hair...and kiss your straightener goodbye!

Ladies, we understand why you want smooth & no frizz hair, but getting it that way each and every day is time consuming and DAMAGING to your precious locks!

But there is a QUICK AND SEMI PERMANENT solution! Book in now at Sandton Hair Gallery for a Keratin Smoothing Treatment and wake up with PERFECT FRIZZ FREE hair every morning! No more time wasted on straightening your hair!

SPECIAL OFFER: For just $230, get a Keratin Straightening Treatment at Sandton Hair Gallery and receive $139 of bonuses absolutely FREE!

You’ll receive:
CHI Enviro Keratin Relaxer treatment $230
FREE: Blowave after 24 hrs to check treatment $42
FREE: Shampoo and Conditioner to protect and ensure longevity of your new Frizz Free hair valued at $77.00

Testimonial:
I had the keratin treatment done by your girl about 2 weeks ago now. It was a great experience having the job done. It took me a couple of days to get used to straight hair instead of my natural very frizzy curls but now I don’t want to go back! I wash my hair every 4 or 5 days then 3x back to straight. I love what the keratin has done and appreciate the effort your team put in to tame my wayward hair.
 Regards, Michelle, mum, Vermont
