Dear Antonio Park Families,

Thank you to our Father’s Day Stall Helpers

Yesterday, we had a number of parents who helped at our very popular Father’s Day stall!!! Thank you to Caitlin and Sharon for their coordination of our Father’s Day Stall and a big thank you to their wonderful helpers!!!!!

The Sustainability Chronicles (courtesy of Janet George)

Back in the year 2000, one of the grades at Antonio Park Primary hatched chickens in their class. It was fantastic. Out of the twelve eggs that were incubated, 11 of them hatched. Of course, everything was very exciting at first, little fluffy balls following kids around the classroom, but it wasn’t long before the class realised that they had a problem that needed solving. The ‘fluff balls’ were transforming before the children’s eyes and were quickly out-growing their cardboard box. It was decision time and, with the support of the school community, an easy one to make. The chickens were here to stay!

Before long the ‘Chook Mahal’ emerged on the Antonio Park landscape and the chooks packed their bags and moved in. That was the beginning of Antonio Park’s journey to sustainability. Our students were diligent recyclers of paper waste, but now they were motivated to look at other ways they could reduce their waste and include the chickens in their plans. Compost seemed the next obvious step to take. The chickens loved the fruit and veggie waste and the rest was put into two compost bins and a worm farm. The school adopted two goats, Cosmo and Deidre, fenced off an area at the back of the oval and had two extra willing volunteers in the recycling program. A veggie garden completed the picture.

The quest for improved biodiversity beckoned! Antonio Park is very lucky with its location. Right next door is the remnant bushland of Antonio Park, while the Mullum Creek is only five minutes walking distance away. When the school was selected by Ceres to be a pilot school for their Sustainable Schools Program the first obvious step was to build on what the school already had. After conducting a biodiversity audit, the staff and students worked together with the local community to establish a wetlands area and to do extensive replanting of indigenous trees, shrubs and grasses. All of these projects were aimed at attracting wildlife back to the area and improving biodiversity. Of course, there was a fantastic resource just nearby - the Yarran Dheran reserve - that the school community felt they were neglecting. To make the most of what the local environment had to offer, the staff and students decided to map out an environmental trail through Yarran Dheran and plan activities that would teach them more about biodiversity. Throughout the year, you will see groups of kids fossicking in different areas of the local environment, discovering more about all it has to offer. Now this all sounds great. But there was one section of the immediate environment that was playing on the minds of the school community. In the far corner of the school grounds was half an acre of remnant bush that actually belonged to the school!

Assistant Principals

PARENT MORNING TEA

On the first Monday of every month, following assembly, we will be holding a morning tea for parents. We welcome all parents to join us for a cup of tea or coffee.

Our next get together will be on the 5th September.

This is great opportunity to meet together for a chat and a relax!

Karen, Tim and Annette

Team Planning

Next week, the teachers meet as teams to for a day to plan for term 4. This time allows teachers to organise the learning and teaching in their levels with a consistent approach. Students attend their specialist classes on this day.

You Can Do It! Parent Online Resource

We hope by now you have registered and perhaps visited the wonderful E-learning, parenting website; You Can Do It! Parents: www.youcandoitparents.com.au.

All the resources on the website are available for our school community (families and staff).

The website contains a large number of E-learning programs for parents on ‘best’ practices of parents, Parent Insight Articles on topics of importance dealing with child development and parenting, and E-learning video and audio E-learning programs for children and adolescents that help build a variety of personal and social skills and positive attitudes.

Parent Liaison emails

Our parent liaisons are working very hard to ensure you have all of the information about Production that you need. If you are not getting messages, please contact your class teacher asap!!

Only two weeks to go until term holidays!!

Have a great weekend

Tim and Annette

What’s Happening in Level 1?

Wow the term is coming to a close but we still have so much more to do! Production is getting closer and today’s dress rehearsal was amazing! The kids all had so much fun and looked fantastic in their costumes. We can’t wait until we get to see them all up on stage!

This week in literacy we have been focusing on the letter Xx. Ask your child if they can identify any words that have the letter x in them. Next week we will be working on the letter Zz.

This week in Maths we have been learning about subtraction. The kids have had fun using concrete materials to make funny number sentences and to take away. Next week we will be looking at volume. The kids will get to experiment with water and capacity. At home, see what happens to the water in the bath when you get in!

Have a great father’s day on the weekend everyone!

Level 1 Team.
What’s Happening in Level 2?

Another wonderful yet busy week has passed in the land of Level 2!

This week in literacy some classes have been finishing off synthesising as a comprehension strategy and others are working through predicting. We are also continuing our poetry genre of writing.

In maths our focus for this week has been on data. We have been looking at tally tables and representing data on pictographs. A good rhyme to remember the x and y axis of a graph is, “Y to the SKY!”

As you know, our inquiry unit this Term is titled, ‘Good Sports are Healthy.’ The students have had a lot of fun learning about various Olympic sports as part of our weekly Level 2 rotations.

Some reminders …
- Our Coach Approach incursion money and permission slip are due in on MONDAY 5th September. The incursion will take place next Tuesday morning which we are very excited about.
- Next week Level 2 will be having their planning day on Wednesday 7th September. This means that your child will have all of their specialist classes on Wednesday next week.
- Next Thursday 8th Sept is footy colours day and footy lunch day. Remember to dress in your footy colours and to come to school with a gold coin donation. If you haven’t already handed in your Footy Lunch order, please do so no later than tomorrow.

We wish all our Dads a marvellous Father’s Day this weekend!

The Level 2 Team

What’s Happening in Level 3?

St John First Aid
St John Ambulance will visit Antonio Park tomorrow to deliver free First Aid in Schools training to our students. Through the First Aid in Schools program, trained St John presenters will lead students from Level 3 through tailored sessions on the importance of First Aid and what to do in the event of an emergency.

District Athletics
A big congratulations to all students from Level 3 and 4 who competed in the district athletics on Tuesday! Antonio Park came 2nd overall on the day which is a fantastic result. Best of luck to those students who will be competing in the division athletics next term!

ICAS
Well done to all the students who participated in ICAS. Antonio Park students have produced some very pleasing results and should be very proud of their efforts! Congratulations.

A big congratulations to Harvey and Lewis Werle and Charlie Wilks who represented Antonio Park P.S. at the Victorian Interschools Snowsports Championships. Best of luck to Lewis who will be competing at the National Championships.

Reminders:
- Thank you to those who have already returned the Phillip Island Camp deposit. Just a friendly reminder to return the deposit and permission envelopes as soon as you can!
- Just a friendly reminder to return permission envelopes for the tech rehearsal at Yarra Valley Grammar as soon as possible!

The Level 3 Team

What’s Happening in Level 4?

It was great to see all the students striving for their best on Tuesday at the District Athletics. We were very proud of our Level 4s as they demonstrated sportsmanship, empathy and responsibility throughout the day. It was wonderful to hear the students, parents and teachers cheering and showing their support. Thanks to Mr Clarke and Mr Mac for all their organization and support leading up to the District Athletics and on the day. Have a look at the photos on the following page.

The Level 4s are continuing to work on their Migrant Inquiry Projects. It is great to see them completing their research and beginning to put all their hard work together whilst publishing.

As we head towards the end of the term, there are a number of dates to remember. Please check the calendar on the newsletter and the weekly homework sheet for important dates and messages.

Have a great week.

The Level 4 team

Notice to Parents

There has been a case of Parvovirus B19 commonly known as ‘slapped cheek’ reported in Level 1.

Please contact your doctor if anyone in your family is pregnant, immune suppressed or has a chronic haemolytic disorder.
Digital Technologies News

Privacy Settings

What are the best privacy settings for my computer and smartphone?

The place to go to protect your computer against privacy invasion is your web browser. When you go online, websites install cookies on your computer that track your movements. Some cookies can be beneficial, such as those that remember your login names or items in your online shopping cart. But some cookies are designed to remember everything you do online, build a profile of your personal information and habits, and sell that information to advertisers and other companies. (Check out these kid Web browsers.)

Take a look at the privacy settings offered in your browser (usually found in the Tools menu) to see whether you can fine-tune them to keep the good and block the bad.

Privacy settings on smartphones vary, but you can tighten up privacy with these precautions:

- **Turn off location services.** That prevents apps from tracking your location.

- **Don't let apps share data.** Some apps want to use information stored on your phone (your contact list, for example). Say no.

- **Enable privacy settings on apps you download.** Make sure your teens are using strict privacy settings on services such as Instagram and Facebook.

- **Be careful with social logins.** When you log onto a site with your Facebook or Google username and password, you may be allowing that app to access certain information from your profile. Read the fine print to know what you're sharing.

Information from: [https://www.commonsensemedia.org/](https://www.commonsensemedia.org/)
The use of
during Reading Recovery

BOOK CREATOR

Technology is incorporated during Reading Recovery through the use of apps on the iPads. Two apps that Stella and Trish are currently using with their students are Book Creator and Letter Find. These applications allow the students to improve their identification of letters and create books and reading passages that cater to their differing interests.

LETTER FIND
We are so lucky to have families and students dedicated to our animal program at APPS. It is wonderful to see the students share their experiences at assembly each week. This week we would like to celebrate Hayden and his family’s involvement with the Antonio Park Primary School community.

Hi! I’m Hayden and I looked after the animals last week. I am going to tell you about my experience. The amazing animal duty experience has come to an end so quickly. The week was filled with nonstop action. The sounds of chickens clucking and goats bleating. I would bounce out of bed in the morning wondering how many eggs will there be today….3, 4 or 5? Hmm and also how many cheeky chickens won’t go into the chicken coop? Well I have a big day ahead.

I bet you’re wondering how many eggs there were this week….19 is the answer. One surprisingly broke in my pocket and another egg got splattered in my mum’s car.

I hope the next family has as much fun as our family did. I have written an acrostic poem about my time on animal duty.

A – Always make sure there are 7 chooks
N – Nests full of eggs
I – Imagine if they escape
M – Munching on hay
A – Any chooks missing?
L – Laying eggs every day

D – Dirty water? Better clean it
U – Under the goat shed the chooks go again
T – Take the goats for a walk # or they walk me
Y – Yippee! Animal duty is fabulous

Closing in 1 Week!

Level 3 and 4 students, keep adding those books!

The Premiers Reading Challenge will remain open until 8 September 2016. To complete the Challenge all books read must be entered online using the student login and password given to your child earlier in the year. All children who meet the Challenge will receive a certificate of achievement signed by the Victorian Premier.

Happy Reading!
Rachel Fittolani
VPRC Coordinator

</table>
This week we are creating gifts for our Fathers, Grandfathers and those special to us, ready for Father’s Day on Sunday! We also have our regular activities so everyone has something they can do.

**TCAF-The Camp Australia Foundation**
We have started our fundraising for the Camp Australia Foundation. The money we raise will be donated to the Smith Family Back 2 School appeal. Camp Australia will $1 match what we raise. Come in and have a go at guessing the marbles and Hama beads to win a gift hamper or buy a raffle ticket to win our dreamcatcher canvas, which the children contributed to.

**Holiday Program**
This holidays we are going to the movies to see The Secret Life of Pets. We will also be bouncing around at Inflatable World. During an excursion we ensure all children are safe, we have a 1:8 ratio and children are grouped together with a staff member who conducts regular head checks. If you have any concerns or queries please come in and speak to Sharon or Donna and we will be able to answer any questions you might have. Also just a reminder to bring in morning tea and lunch as we only provide afternoon tea.

Follow the link to book in now!

- Tickets go on sale September 1 – September 8. During this period 6 tickets per family per night will be available to purchase.
  At the time of purchase you are required to enter your eldest child’s name and class.

- From September 9 onwards any remaining tickets can be purchased with no limit applying.

- On-line Bookings close at 4.00pm on the day of the performance.

Ticket Pricing

- Adults $15.00
- Child/concession $10.00
- A 30 cent per ticket booking fee will be added to your purchase.
IMPORTANT REMINDERS WEEK 9 AND 10

TICKET SALES – FROM THE THURSDAY THE 1ST OF SEPTEMBER

LEVEL 4 MAIN CAST REHEARSAL – MONDAY 5TH SEPTEMBER

WHOLE SCHOOL REHEARSAL – TUESDAY 6TH SEPTEMBER

LEVEL 4 MAIN CAST REHEARSAL – MONDAY 12TH SEPTEMBER

‘TECH’ REHEARSAL – TUESDAY 13TH OF SEPTEMBER

SHOWTIME NIGHT 1 – TUESDAY 13TH OF SEPTEMBER

SHOWTIME NIGHT 2 – WEDNESDAY THE 14TH OF SEPTEMBER

The production is fast approaching and today we held our dress rehearsal. This has given the staff and our costume manager the opportunity to view all the costumes and now necessary alterations and improvements can be made before opening night.

Our second whole school rehearsal will be on Tuesday the 6th of September. This is another chance for our students to have a run-through with an audience before our ‘Tech’ rehearsal at the venue on Tuesday the 13th of September.

The signed permission notices and the payment of $5.00 for the bus to the ‘Tech’ rehearsal at George Wood Performing Arts Centre need to please be returned to your child’s classroom teacher ASAP.

Just a reminder that our rehearsals are closed to parents and families. These rehearsals are ‘TOP SECRET’. Please wait for the night time performances so that you can be DAZZLED AND AMAZED by our talented APPS students!

SCHOOL HOLIDAY WORKSHOPS

FOUR DAY WORKSHOP
Game Development and Coding
AGES 8-10 years
An introduction to computer game design and coding, using industry standard software, learn to use Unity, 3D modelling with Blender and learn C# coding.

THREE DAY WORKSHOPS
Minecraft Adventures: AGES 6-10 years
In this action-packed course, kids will progress through a series of fun Minecraft worlds, solving problems and honing their skills.

Minecraft Engineering with Redstone: AGES 7-9 years
Learn techniques that can be used to build automated doors, dispensers, lighting for your minecarts and many other useful contraptions, with Redstone, a unique Minecraft technology.

Minecraft Inventions and Challenges: AGES 6-10 years
An introduction to Minecraft Minecrafter, then design and build your own amazing creations on Creative and Survival mode. Work together more to tackle architectural and engineering challenges.

Minecraft Tekkit Standard: AGES 7-9 years
Discover the Tekkit mod pack and power up your Minecraft creations with new machines and electricity, Craftable, wind, hydro and solar power generators, a power bioreact and better Minecraft creations.

Minecraft Map-making: AGES 8-12 years
Create your own Minecraft maps from the inside out.

Web Designing: AGES 10 years
Learn HTML and CSS, the languages of the web. This multi-disciplinary course will also focus on digital image manipulation to help make your site stand out from the crowd.

Junior Web Design: AGES 7-9 years
Learn how easy it is to get a simple website up and running in a short time. We will help you design your own website and make it live so you can share it with the world.

Junior Game Development: AGES 7-9 years
Combine problem solving, logic and creativity to make your own games. Put your imagination to work to make your ideas into a reality with popular game making software.

Amazing Movies: AGES 6-8 years
Learn the art of cool techniques to make your own amazing movies.

ONE DAY WORKSHOP
Minecraft Survivor FUN DAY: AGES 6-12 years
Visit our players will explore our custom Survivor Minecrafter worlds, building traps, eating mobs and surviving the post-apocalyptic wasteland!
